Child Progress Report

At the moment of visit, Elisângela was in good health. She has good appetite and she is a well-nourished child. Their nourishment is little balanced.

At home, Elisângela helps cleaning up the house, washing the dishes and her clothes, fetching water and doing some errands.

Her ability is sewing doll's clothes.

In her leisure time, she likes playing hide-and-seek with her friends, skipping rope and doing clothes for her dolls.

Elisângela is an extroverted child and has good behaviour.

Since the last visit, she grew up a lot in her physical appearance as the intellectual. Her special event was when she received the visit from her sponsors and she was very happy.

Elisângela is attending 6th grade and she has got good grades. The school is near her residence. She likes Science very much and she also said that she likes the extra subjects and she doesn't have any difficulty.

Her siblings' education: Luís is attending 11th grade; Jailson 10th; Ivandro 9th; and Vanir is in the 2nd year of kindergarten. All of them have good grades.

From DU, the family received school supplies, fees payment, money gifts and visit from DU's Staff.

The family situation is reasonable. To support the family just Elisângela's father is working as a guard and work in a store shop.

They have good hygienic conditions.

All of them are in good health.
